

EUROPE'S HOTTEST CARS KEEP COOL WITH PENTOFROST ANTIFREEZE.

Pentosin Antifreeze is the clear choice for professional repair technicians looking to service European vehicles. These fluids are nitrite, phosphate, and amine-free and specifically adapted for year-round use in alloy engines. Manufactured to the exact specs of DIN, ASTM, and DBL, Pentosin Antifreeze fluids are guaranteed to prevent lime formation, protect against corrosion and cavitation, and never foam.
